The Color Of Right

Rush

I don't have an explanation
For another lonely night
I just feel this sense of mission
And the sense of what is right
Take it easy on me now
I'd be there if I could
I'm so full of what is right
I can't see what is good
It's a hopeless situation
Lie awake for half the night
You're not sure what's goin' on here
But you're sure it isn't right
Make it easy on yourself
There's nothin' more you can do
You're so full of what is right
You can't see what is true
A quality of justice
A quantity of light
A particle of mercy
Makes the color of right
Gravity and distance

Change the passage of light
Gravity and distance
Change the color of right
Take it easy on me now
I'd be there if I could
I'm so full of what is right
I can't see what is good
Make it easy on yourself
There's nothing more you can do
You're so full of what is right
You can't see what is true
A quality of justice
A quantity of light
A particle of mercy
Makes the color of right
Gravity and distance
Change the passage of light

Gravity and distance
Change the color of right
Change the color of right
