On Your Own

The Verve

Tell me what you've seen
Was it a dream, was I in it?
Life seems so obscene until it's over
Who knows?All I want is someone who can fill the hole
In the life I know
In between life and death when there's nothing left
Do you wanna know?You come in on your own
And you leave on your own
Forget the lovers you've known
And your friends on the roadTell me if it's true that I need you
You are changing
I've seen this road before down on this floor
It is hurtin' meAll I want is someone who can fill the hole
In the life I know
In between life and death when there's nothing left
Do you wanna know?You come in on your own
And you leave on your own
Forget the lovers you've known
And your friends on the roadYou come in on your own
And you leave on your own
Forget the lovers you've known
And the friends who have toldLies, I've got to get rid of this hole inside
Lies, I've got to get rid of this hole inside
I've got to get rid of this hole inside
I've got to get rid of this hole insideI've got to get rid of this hole inside
I've got to get rid of this hole inside
I've got to get rid of this hole inside
I've got to get rid of this hole inside
