Alive

Ozzy Osbourne

A child of a broken mind
The fear that I hide behind
I hate rejection
It's the worst, it gravely hurts me
Living inside my head
I feel like the living dead
I need your affection
It's the best, it greatly helps meWith my back against the wall
Trying so hard not to fall
I'm so tired of sleeping around
Hopeless, in despair
Don't know if I'm here or there
Feelin' like I'm up and I'm downBut I'm still alive
(I don't have any plans to go anywhere)
You know I'm alive
(I know I'm crazy but I still like it here)
But I'm still alive
(I don't have any plans to go anywhere)
I don't want to dieA head full of tragic schemes
What keeps me alive is dreams
I dream that someday
I'll find the key that sets my mind free
You may think I've lost control
The man with the broken soul
I'm not here to try and make excuses
Just believe meWith my back against the wall
Trying so hard not to fall
I'm so tired of sleeping around
Hopeless, in despair
Don't know if I'm here or there
Feeling like I'm up and I'm downBut I'm still alive
(I don't have any plans to go anywhere)
You know I'm alive
(I know I'm crazy but I still like it here)
But I'm still alive
(I don't have any plans to go anywhere)
I don't want to die yeahBut I'm still alive
(I don't have any plans to go anywhere)
You know I'm alive

(I know I'm crazy but I still like it here)
But I'm still alive
(I don't have any plans to go anywhere)
You know I'm alive
(I know I'm crazy but I still like it here)But I'm still alive
(I don't have any plans to go anywhere)
You know I'm alive
(I know I'm crazy but I still like it here)
But I'm still alive
(I don't have any plans to go anywhere)
You know I'm alive
(I know I'm crazy but I still like it here)I don't want to die
You know I'm alive
You know I'm alive
