

Riding My Nightmare

[Budgie](#)

Take the water from my brain
And make me feel at home
Not to feel alone
And every time I look behind
I keep on thinking black
There ain't no looking backRiding my nightmare
Riding my nightmare
Riding my nightmare
And it won't be long
You will find me there
Hold the water from the well
And wipe my sweat away
You know it hard at bay
Ease your mind with better choice
And then in time to come
Think I'm me as one
Riding my nightmare
Riding my nightmare
Riding my nightmare
And it won't be long
You will find me there.
