

Four Winds

The Blue Dogs

Chorus:

Blow ye four winds

Softly calling

Bring her my way again

I can't stop this falling No woman like the one I found

Can lift me up and knock me to the ground

With a smile that brings a haunting chill

And the force of nature at her will Repeat Chorus A lower ledge up to a higher ground

A rising sea and she can't be found

Still beneath the earth that shakes

Broken hearts left in her wake Repeat Chorus twice I can't stop this falling

I can't stop this falling

I can't stop this falling

I can't stop this falling
