

# Down On the Farm

## Seasick Steve

I like big ol' farm tractors  
And big ol' farm implements  
And things that dig up lots of dirt  
And go real loud like they was meant to  
Like they was meant to

I like lookin' at a field  
That's just been cut  
And lookin' at the pigs  
When they do the rut  
I love the way hay smells  
When it's stacked in a barn  
These just a few things gonna find on a farm

Yeah, down on the farm  
Yeah, down on the farm

I love the way farm supply stores smell  
A mix of seed, workin' clothes  
And oil and more  
You can get a new shovel  
Get a new rake  
Get your chainsaw sharpened  
But you might have to wait  
They got coffee  
Yeah, they got coffee, mate  
Yeah, they got coffee, mate

Down on the farm  
Down on the farm  
Down on the farm  
Down on the farm

I think I'll go out and wash  
My old John Deere  
But hang on just a minute  
What's that I hear  
My friend Dan playin' drums in the barn  
I guess we gonna rock and roll  
Yeah, down on the farm

Yeah, down on the farm

Down on the farm

Down on the farm

Down on the farm

Down on the farm
