## The Sky Lit Up

## **PJ Harvey**

I'm walking in the city tonight I'm walking in the city at dark Remembering, remember light

Thinking of nothing and the shooting starsAnd this world tonight is mine

A world to be remembered in

Think on a faded photograph

My hair longer than it's ever been The sky lit up

The sky, my friend

The sky lit up

And I'm lighter than I've ever beenI saw the trees crossing the moon

I, I saw the stars and the Heaven above

Shine on my own beautiful prayer

Shining on my own beautiful love and The sky lit up

The sky, my friend

The sky lit up

And I'm lighter than I've ever beenAnd I'm dancing with him

In this city and in this town

I don't care what he's thinking of

Just take the car, just take my handThe sky lit up

The sky lit up

The sky lit up

The sky lit up
