

# Something I Need (Piolo Pascual Version)

## Piolo Pascual

I had a dream the other night  
About how we only get one life  
    Woke me up right after two  
    Stayed awake and stared at you  
    So I wouldn't lose my mind  
And I had the week that came from hell  
    And yes I know that you could tell  
    But you're like the net under the ledge  
    When I go flying off the edge  
    You go flying off as well  
And if you only die once I wanna die with  
    You got something I need  
In this world full of people there's one killing me  
    And if we only die once, (hey)  
    I wanna die with you (you, you, you)  
    You got something I need  
In this world full of people there's one killing me  
    And if we only die once, (hey)  
    I wanna die with you (you, you)  
Last night I think I drank too much, yeah  
    Call it our temporary crutch, hey  
    With broken words I've tried to say  
    Honey don't you be afraid  
    If we got nothing we got us (Yeah)  
And if you only die once I wanna die with  
    You got something I need  
In this world full of people there's one killing me  
    And if we only die once, (hey)  
    I wanna die with you (you, you, you)  
    You got something I need  
In this world full of people there's one killing me  
    And if we only die once, (hey)  
    I wanna die with you (you, you, you)  
    I know that we're not the same  
    But I'm so damn glad that we made it  
    To this time, this time, now (yeah)  
    You got something I need  
Yeah in this world full of people there's one killing me  
And if we only die once I wanna die with you (heeyy)

You got something I need  
In this world full of people there's one killing me  
And if we only die once, (hey)  
I wanna die with you (you, you, you)  
You got something I need  
In this world full of people there's one killing me  
And if we only die once, (hey)  
I wanna die with you (you, you, you)  
If we only die once (hey) I wanna die with  
If we only live once I wanna live with you
