

# Only the Clouds

## Hopesfall

Sleep never comes quick enough  
To protect us  
There is no shelter in the present  
From the ghosts of the pastLike well driven nails  
Memories dig their claws in our backsRevealing our black hearts  
Unable to forgive ourselves  
Revealing our black hearts  
Unable to forgive ourselvesOur parched mouths pray for rain  
And only the clouds bear witness  
As we wither away
