Betcha Never

Cherie

Betcha never, never ever
Betcha never, never everDon't tell me that you don't like
Anything about me
I've seen it in your eyes that look
You think that I don't notice?
Don't hide what you feel inside baby
I can feel the same
Whatcha do is up to you
So maybe you should try again
Or maybe you just fade awayBetcha never, betcha never
Betcha never thought we'd get this far
Betcha never, never ever
Betcha never you'd touch my heart
Betcha never betcha never
Betcha never thought I'd surrender
Betcha never thought you'd ever get with me
I betcha never thought about itBetcha never, never ever
No, no, no
Betcha never thought about itDon't you be afraid to try
'Cause you don't even know me
Why catch you in between the lines?
You know how it should be
Don't hide what you feel inside
Maybe I can feel the same
Whatcha do, it's up to you
So maybe you try again
Or maybe you just fade awayBetcha never, betcha never
Betcha never thought we'd get this far
Betcha never, never ever
Betcha never you'd touch my heart
Betcha never betcha never
Betcha never thought I'd surrender
Betcha never thought you'd ever get with me
I betcha never thought about itBetcha never, ever never
I betcha never, betcha never thought about it
Betcha never, ever never
I betcha never, betcha never thought about itMaybe you should try again
Or just fade awayBetcha never, betcha never
Betcha never thought we'd get this far

Betcha never, never ever
Betcha never you'd touch my heart
Betcha never betcha never
Betcha never thought I'd surrender
Betcha never thought you'd ever get with me
I betcha never thought about itBetcha never, betcha never
Betcha never thought we'd get this far
Betcha never, never ever
Betcha never you'd touch my heart
Betcha never betcha never
Betcha never thought I'd surrender
Betcha never thought you'd ever get with me
I betcha never thought about it
