

# Angel In Dixie

Molly Hatchet

I just saw an Angel in Dixie  
In Heaven the other night  
On my way to New Orleans  
Can't get her off my mind  
There's many miles of highway  
Between me and the county line  
Thinkin' about my Angel in Dixie  
Tell me where is she tonight  
She was gone out of sight but she's on my mind  
Well, I've searched the world over  
She might be the one to share my life  
Or honey just help me through the night  
We rolled into Texas  
I was feelin' mighty good  
When I saw this Angel  
Lookin' like she surely could  
Standin' there with long blond hair  
And the blue sky in her eyes  
I can't remember the last time I forgot somethin'  
I forgot my own name that night

She was gone out of sight but she's on my mind  
Well, I've searched the world high and low  
And darlin', I've got to say  
Still think about you every day  
Man, we had a big ole time  
Everything was right  
Search the crowd still missin'  
Lord, my angel of the night  
I turned to go and there she was  
I said, darlin' you made my day  
She smiled and brought me to my knees  
Said thanks and walked away  
She was gone out of sight but she's on my mind  
Well, I've searched the world over  
She might be the one to share my life  
Or honey just help me through the night  
'Cause I have waited all my life  
Yeah, I've been waitin' all my life

For my Angel in Dixie
