

Good Things

Palm Trees & Power Lines

I'm living off inconsistencies
The sound guy at every show's not listening
It's too much to ask, all I want is to pass
For a signed band touring
And I'm running from insufficiency,
but what do these people expect to hear from me
So call up your nurses this band's writing verses in limerick styling
But I won't change
No I won't fade I'm searching for treasure
Between questions and answers
Where the truth's not the same as a lie
But both are easily denied by me I wanna see good things happening
I've gotten tired of chasing hopeless dreams
Don't wanna take it, determined to make it
In this society
But I won't change
No I won't fade I'm searching for treasure
Between questions and answers
Where the truth's not the same as a lie
But both are easily denied by me I won't stop 'til I'm done I won't rest 'til I've won So let's see where this effort
takes me
I don't even expect this dream to work for me
I'm just trying to inspire and I won't quit 'til I'm complete But I won't change
No I won't fade I'm searching for treasure
Between questions and answers
Where the truth's not the same as a lie
But both are easily denied by me
