Wrong Time Capsule

Deerhoof

When you hunger number one,
It's no wonder under fun.
Don't be mean to see the green.
You get caught in the machine.
You're caught in the machine.Here's a message she would say,
"Don't forget me yesterday
'Cause today's no place to stay.
Will you spirit me away?Bend the machine,
See the pendulum swing and go in between.
Skip the waves, syncopate.
Forwards, backwards.
Olulululu..."
