Better

Boyzone

Our love has changed, it's not the same
And the only way to say it is say it, it's better
I can't conceal this way I feel
For all the times we spend together
Forever just gets better
Seem what I'm try to say is
You make things better
And no matter what the day is
With you here it's better
I stand by you if you stand by me
I think it's time that I reveal it
'Cause I believe it, it's better
Seem what I'm try to say is
You make things better
And no matter what the day is
If you're here it's better
Oh, the more I talk to you
I'm falling in love with everything you do, oh
Seem what I'm try to say is
You make things better
And no matter what the day is
With you here it's better
Our love has changed, it's not the same
And the only way to say it is say it, it's better
