Wonderland

Haley Reinhart

Whoa Wonderland
Whoa Wonderland

We've been through everything
For the last year and a half
Going everywhere
Seeing the world
Me and my man
Being his girl

Come on sister
Stand up and love
Come on everybody
Raise up the love
Come on sister
Don't cry
It's around the corner
Ain't no denying

Whoa (gonna make you feel)
Wonderland
Whoa (gonna make you feel)
Wonderland

You've been lying there
In the sun
Waiting for shade
It's cool when you're
Someone who really cares
And to be his girl

Come on sister
Stand up and love
Come on everybody
Raise up the love
Come on sister
No more crying
It's around the corner
Ain't no denying

Whoa (gonna make you feel)
Wonderland
Whoa (gonna make you feel)
Wonderland
Fairy tales do come true
If you want them to
Whoa (it's about what's real, gonna make you feel)
Wonderland

Come on, come on
Come on, come on

Come on sister
No more crying
It's around the corner
Ain't no denying

Whoa (it's about what's real, it's the way you feel)
Wonderland
Whoa (it's about what's real, it's the way you feel)
Wonderland
Whoa (it's about what's real, it's the way you feel)
Wonderland
Whoa (it's about what's real, it's the way you feel)
Wonderland
Fairy tales do come true
It's about what's real
Gonna make you feel
Whoa (it's about what's real, it's the way you feel)
Wonderland
