

# Lovable And Sweet

Bert Firman

Dumb dumb be dumb  
Dumb dumb be dumb  
I'm not lonely  
Dumb dumb be dumb  
I got a real man  
What an ideal man, now!  
Dumb dumb be dumb  
Dumb dumb be dumb  
He's my only dumb dumb be dumb!  
Person I love  
Has all of my love  
And how!  
Talk about your classic lover  
And you couldn't help discover  
That he's that way lovable and sweet  
He's candy!  
No one else can hold a candle  
What a precious thing to handle!  
And he's that way lovable and sweet!  
Oh gee!  
Oh gosh!  
Whenever we're all alone  
Oh gosh and oh gee!  
What happens, it simply wouldn't be known!  
Bubblin' over with affection  
Satisfyin' to perfection  
Is he that way lovable and sweet!  
Talk about your nifty dresser!  
What a lover, some caresser!  
Is he that way lovable and sweet!  
Do I know just what I'm gettin'  
When it comes to real love pettin'!  
Is he that way lovable and sweet!  
That guy, oh my  
Has made me lose all control!  
His kiss!  
What bliss!  
It weakens the heart, but it turns into soul!  
And although he's such a night-man

Could he even be the right man?  
Yes, he's that way lovable and sweet!
