

# Black Sky's

## Bleed the Dream

if u could just close your eyes i'd help you pull the trigger  
i have to see if u and i were made for something bigger  
so take a breath and squeeze away lets find out what your made of  
if i should fall into your arms then by your hand will death be done when darkness comes a smile grows on my  
face no one is here and nothing is wrong  
the machines that have built my walls have disintegrated  
slowly disintegrated if u could just close your eyes i'd help you pull the trigger  
i have to see if u and i were made for something bigger  
so take a breath and squeeze away lets find out what your made of  
if i should fall into your arms then by your hand will death be done im leaving tonight  
im craving those black skies when morning comes the sun shines on my face  
i can feel something is wrong  
the machines that pump my blood disintegrated  
slowly disintegrated if u could just close your eyes i'd help you pull the trigger  
i have to see if u and i were made for something bigger  
so take a breath and squeeze away lets find out what your made of  
if i should fall into your arms then by your hand will death be done im leaving tonight  
im craving those black skies X2
