Constantinople Line

Simple Minds

Hey waiter, I'm first class
Hey waiter, where are we now?
Am I last? Am I last?
Hey waiter, don't talk backThese tenants speak
A traveler's language
Caucasian talk
They're saying nothingOh, I see a land
As we crawl by night
I see a face
In the window in frontThese stations are useful
These stations, we love them
Newspaper, encounter
ConfusionHey waiter, I'm first class
Hey waiter, what state is this?
These reptiles scream, a violent party
All art and jazz and League of NationsOh, I see a land
As we crawl by night
And I see a face
In the window in frontThe east is calling
I'm feeling nervous
I love the western
Style and changeThese stations are useful
These stations, we love themThese stations are useful
These stations, we love them
Newspaper, encounter
ConfusionConstantinople
Red, red star, red
Constantinople
Red, red star, redConstantinople
Red, red star, red
Constantinople
Red, red star, red
