

Blind Faith

Def Leppard

It is really all...a matter of trust ?
It is really all...a matter of time ?
Can I read the truth between the lands ?
Or is this just enough to believe ? Can you show me why...I need to forgive ?
Can you tell me I...have a reason to live ?
Are your words enough to heal my wounds ?
Or are they just enough to deceive ?
Maybe we need tomorrow,
Whatever I need I borrow, wherever you lead I follow,
I'll follow you down. Did I say enough for dreams to survive ?
Is my faith enough to keep them alive ?
Did I pray enough and did you hear ?
Or were they just enough to get by ?
Maybe we need tomorrow,
whatever I need I borrow, wherever you lead I follow,
I'll follow you down. Will you show me where the love begins ?
Will you wash away all of my sins ?
Will you say the words I need to hear ?
They might just be enough to believe.
Maybe we need tomorrow,
Whatever I need I borrow, wherever you lead I follow,
I'll follow you down. M.C
