My Answer Is You

Brian Littrell

There's a world of difference when faith is in a heart
It stands out like sunlight, life becomes so dark
And when those around me ask me why
I dare to dream or why I love or why sing
My answer is You, my answer is You
You're the hope that my heart is holding on to
Skeptics won't understand
It's strange from the world's point of view, yeah
My answer is You
They might find it incredible to believe what I can see
They might think it's foolish or even say it's weak
I want to live my life so differently because of faith
And it causes them to question, for me to say
My answer is You, my answer is You
You're the hope that my heart is holding on to
Skeptics won't understand
It's strange from the world's point of view, yeah
My answer is You
You're the reason I'm alive
For every good thing in my life
My answer is You
My answer is You, my answer is You
You're the hope that my heart is holding on to
Skeptics won't understand
It's strange from the world's point of view
But my answer is plain and it's simple, Lord
My answer is You
(My answer is You, my answer is You)
My answer is You
