

Trust in Me

Selena Gomez

Trust in me, just in me
Close your eyes and trust in me
You can sleep safe and sound
Knowing I am aroundSlip into silent slumber
Sail on a silver mist
Slowly and surely your senses
Will cease to resistTrust in me, just in me
Close your eyes and trust in meTrust in me, just in me
Close your eyes and trust in meSlip into silent slumber
Sail on a silver mist
Slowly and surely your senses
Will cease to resistTrust in me, just in me
Close your eyes and trust in meTrust in me, trust in meTrust in me
