

Memories And Lies

Upon This Dawning

It's time for me now to leave you
I was thinking on it from a long time, I have to go
It's not a problem for you to live without me
I have to go, I write you a letter
Dear friends, parents and others
I've tried to live without your helps, your smiles
Now I've realize that I was always wrong with you
So now I go, I have decided to leave me all alone

[Chorus:]
So I can say that
I have realized that all what I've done was wrong
So please don't try
I've stopped my life, I've burned my memories and lies

Now that I think I can remember
There was a time where we made jokes on life of everyday
They were days full of happiness and hope (but now)
But those days are dead with my soul

[Chorus]
Don't try to look for me
Try to put away all my memories
I won't let you follow my reasons
This sweet suicide is mine, not yours

Don't try to look for me
Try to put away all my memories
I won't let you follow my reasons
This sweet suicide is mine

(Die alone, this life is so hard) I wish you follow the best way (don't go away)
(Die alone, burn with my heart) Forget all those bad days with a new life (please stay with me tonight)
(Die alone, this life is so hard) I know that is no easy to ignore
(Die alone) I'm dead, I've burned all memories and lies
