Dog

Badlands

Dogs are howlin' at my door
Wild old eagle's got me scrapin' the floor
Mercy, mercy, down on your knees
I know somethin' you can't live without
Dog
Take your time girl
I know somethin'
Telling lies yet
I don't say it's so
I know something
Some think's wrong now
Tell me like it is sweat little child
Lost in the midnight hour
Oh, oh,
Dog
I know something
You can't find out
Time will tell if you're a telling man
Lizard man in a lizard suit now
Just got killed
I'm across the road
Lost in the midnight hour
Oh, oh
Dog
Dog
Dogs are howlin' at my door
Dogs won't tell me when I take more
I know somthin'
You won't change
I don't love it
You said I'm all the same
Lost in the midnight hour
Lost
Lost in the midnight hour
Oh
