

No One Will Ever Love You

Reptar

Had a maturation, looking down the beam
Like a hidden symbol watching I heard it ring
Image in the half shell, faces on the screen
There's a lot of people living for nothing
And now the message clear, the tone is there
The pillow dings
I hear it's efforts blur and there
And there

It is
Had a dream about you, laying on the waves
Suffering that and surfing this, I had to say
Walked around the mission, had to see your face
Had to know it was you all along, I want this place
And now the message clear, the tone is there
The pillow dings
I hear it's efforts blur
I see it all be clear
