

# Sunrise (BCD Project Remix)

## Angel City & Lara McAllen

Talk to me, what are you doing,  
What are you thinking right now?  
Set me free, I'm just a prisoner to you. time goes by.  
I'm still waiting forever and a day now, I thought I saw you yesterday,  
I thought those words I heard you say. When I look at the sunrise, sunlight melts my fears away,  
When you living this feeling,  
Don't ever let it go, when I look at the starlight, it feels right,  
I want it on my mind, I set you free, I set you free, I set you free.  
Look at me, what are you thinking, tell me what your seeing.  
Let me go, if theres nothing you believe, time goes by,  
I'm still waiting forever and a day now,  
I thought I saw you yesterday, I thought those words I heard you say. When I look at the sunrise,  
Sunlight melts my fears away,  
When you living this feelong  
Don't ever let it go,  
When I look at the skylight, it feels right,  
I want it on my mind,  
I set you free,  
I set you free.  
I set you free, I set you free. Ohhh ohhhh ohhhh Sunrise, sunrise, sunrise  
When I look at the sunrise,  
Sunlight, melts my fears away,  
When you living in feeling,  
Don't ever let it go.  
When I'm under the starlight,  
It feels right...
