

# Not Fair

[Lilly Allen](#)

He got away with thousands of dollars  
He got away from the state police  
He got away with emotional murder  
He slipped away with the summer breeze  
It's not fair to call it a day  
It's not fair to just walk away  
It's not fair to bring me down  
It's not fair to leave a mess behind  
He got away with the ultimate shakedown  
He ran away from the scene of the crime  
He got away from everyone in his way  
Gone and not a trace left behind  
It's not fair to catch me out  
It's not fair to leave me in doubt  
No it's not fair to not explain  
It's not fair to leave a mess behind  
How'd you pull it off?  
How'd you get away with it?  
I never stood a chance  
Oh, you left me to die  
It's not fair to pull me down  
It's not fair to make me run around  
No, it's not fair to not explain  
It's not fair to make me ask you why  
To leave a mess behind  
To make me ask you why
