

# This Is How It Always Starts

## Grandaddy

This is how it always starts,  
All order falls apart  
Okay... so who put whiskey in the mix? Things were stable yesterday,  
But now they're blown away  
Oh shit... I can't let them see me like this Nothing sweet, nothing nice  
Nothing kiss, only fights  
Nothing clear, nothing bright  
Nothing I'll feel tonight Nothing great, nothing good  
Nothing wins, and it should  
Nothing rad, nothing right  
Nothing I'll feel tonight This is how it always starts,  
Dumb choices from the heart  
Oh shit... I can't let them see me like this Nothing sweet, nothing nice  
Nothing kiss, only fights  
Nothing clear, nothing bright  
Nothing I'll feel tonight Nothing great, nothing good  
Nothing wins, and it should  
Nothing rad, nothing right  
Nothing I'll feel tonight
