Nobody's Baby Now

Nick Cave & The Bad Seeds

I've searched the Holy Books I tried to unravel the mystery of Jesus Christ, the Saviour I've read the poets and the analysts Searched through the books on human behaviorI traveled this world around For an answer that refused to be found I don't know why and I don't know how But she's nobody's baby nowI loved her then and I guess I love her still Hers is the face I see when a certain mood moves in She lives in my blood and skin, her wild feral stare, her dark hair Her winter lips as cold as stone, yeah, I was her manBut there are some things love won't allow I held her hand but I don't hold it now I don't know why and I don't know how But she's nobody's baby nowNow, this is her dress that I loved best With the blue quilted violets across the breast And these are my many letters torn to pieces By her long-fingered hand, I was her cruel-hearted manAnd though I've tried to lay her ghost down For she's moving through me, even now I don't know why and I don't know how But she's nobody's baby nowShe's nobody's baby now Nobody's baby now She's nobody's baby now
