

Jennifer And The Jackals

Big Sixes

Bring it down
Spin it round
Take it down
Drop it from the top
I'm there
I'm there when you ask me to stop
Take care
and no awkward glances
Cuz I've just been myself
I know that you're a blessing disguised
as a curse and that you make me shiver
but I can't see myself in the mirror Jennifer you're so damn beautiful
you're so damn beautiful
Yes you're so damn
and jennifer no you aint
vain at all no you aint
vain at all no you aint It's hard to close my eyes when I'm ticking like a clock
The plot is thicker than water
and blood oh love can get second chances
cuz you'll just hide yourself
Know that I'm a blessing disguised
as a curse and that I make you shiver
but I can't see myself in the mirror Jennifer you're so damn beautiful
you're so damn beautiful
Yes you're so damn and jennifer no you aint
vain at all no you aint
vain at all no you aint
Please don't say I was everything you wanted
Since I got what I wanted
You know what I wanted Jennifer you're so damn beautiful
you're so damn beautiful
Yes you're so damn and jennifer no you aint
vain at all no you aint
vain at all no you aint
