Sing Disorder

[Genghis Tron](#)

clothe me
the camera's on
capturing our fools' songs
judging by the others
i'm just fine
this stutter sold me solid time
this mangled mind
shocked nine times
can still raise doubts
let me out
this mangled mind
minds
call me...
call me your case
sing disorder
sing
fools now sing
unleash the pervert's song
warden sing
fools now sing
stutters clog the pervert's song
sane designs
brookline fed my mind to talent shows
