Baby Come Over

Adina Howard

Tonight is the night to make it alright

Tonight is the night, baby come over, baby come over

Tonight is the night to make it alright

Tonight is the night, baby come over, baby come overHere I sit alone on a Saturday night feeling kinda horny

Boy I ain't cool 'cos Im missing you But youre so far away baby, and I need you here by my side

Theres so many kinky things we can do tonightTonight is the night to make it alright

Tonight is the night, baby come over, baby come over

Tonight is the night to make it alright

Tonight is the night, baby come over, baby come overBaby just a simple touch the little things mean so much to

me

Ill do any thing for you, if you ask me to Ill be there for you
And baby I know you got a woman at home, you can never be alone
To me, but its alright, 'cos all I need is tonight, come see about meTonight is the night to make it alright
Tonight is the night, baby come over, baby come over

Tonight is the night to make it alright

Tonight is the night, baby come over, baby come overAnd we can do some kinky things
Check your heart, well don't you want to rideLets take our time, baby let's take it nice and slow
Baby Ill do you right, boy Ill make it good to you

All I wanna do is make sweet love to you

So dont make me wait too long, baby come overTonight is the night to make it alright

Tonight is the night, baby come over, baby come over

Tonight is the night to make it alright

Tonight is the night, baby come over, baby come overTonight is the night to make it alright

Tonight is the night, baby come over, baby come over

Tonight is the night
