

# Let Me Go Home, Whiskey

Amos Milburn

Let me go home whiskey, let me walk out that door  
Let me go home whiskey, let me walk out that door  
I got orders from my baby  
Not to come home juiced no more  
I stop by a fence to visit with a friend of mine  
I just dropped in for a minute  
But I over stayed my time  
Let me go home whiskey, let me walk out that door  
Let me go home whiskey, let me walk out that door  
I got orders  
Don't you come home drunk no more Why oh why does whiskey  
Make me lose my head  
Got me sitting at a bar  
When I should be home in bed  
Let me go home whiskey, let me walk out that door  
Let me go home whiskey, let me walk out that door  
I got orders from my baby  
Not to come home drunk no more Yeah whiskey every morning  
Whiskey every night  
As long as I got my whiskey  
Everything's alright  
Let me go home whiskey, let me walk out that door  
Let me go home whiskey, let me walk out that door  
I got orders from my baby  
Don't you come home drunk no more
