

# The House That Heaven Built

## Japandroids

When the soul of the city  
Was laid to rest  
And the nights forgotten  
And left for dead It happened at a house  
Built of living light  
Where everything evil  
Disappears and dies When they love you and they will (and they will!)  
Tell them all they're loving my shadow  
And if they try to slow you down (slow you down!)  
Tell them all to go to hell When they love you and they will (and they will!)  
Tell them all they're loving my shadow  
And if they try to slow you down (slow you down!)  
Tell them all to go to hell I settled in slowly  
To this house which is a home  
To blood and breath  
Fair flesh and bone Rush of our bodies  
In the heat of the night  
All day, the day after  
Bled in the skies When they love you and they will (and they will!)  
Tell them all they're loving my shadow  
And if they try to slow you down (slow you down!)  
Tell them all to go to hell When they love you and they will (and they will!)  
Tell them all they're loving my shadow  
And if they try to slow you down (slow you down!)  
Tell them all to go to hell It's a lifeless life  
With no fixed address to give  
But you're not mine to die for anymore  
So I must live Born of a bottle  
From Edmonton  
And now you know  
And here I am When they love you and they will (and they will!)  
Tell them all they're loving my shadow  
And if they try to slow you down (slow you down!)  
Tell them all to go to hell When they love you and they will (and they will!)  
Tell them all they're loving my shadow  
And if they try to slow you down (slow you down!)  
Tell them all to go to hell When they love me and they will (and they will!)  
I'll tell them all they're loving your shadow  
And if they try to slow me down (slow you down!)

I'll tell them all to go to hell When they love me and they will (and they will!)  
I'll tell them all they're loving your shadow  
And if they try to slow me down (slow you down!)  
I'll tell them all to go to hell
