Talk You Out of It

Florida Georgia Line

Girl I know you had a long day
You ain't feelin' them downtown lights
But I got a bottle at your favorite place
Just waitin' for us in a bucket on iceDamn, I didn't think it'd be that easy
'Cause now you're gettin' ready
I'm just sittin' there watchin' TV
Here you come lookin' like a grown man's dream
Damn, I can't believe, I can't believeI talked you into slippin' down the hall, baby, turn it on
Your playlist you play when you're in the shower
Talked you into taking up my time, making up your mind
Switching back and forth for an hour
And now you're lookin' like a line from a Vandross song
I'm looking at that fine little dress you got on
Don't get me wrong, girl, I love it
Now I just wanna talk you out of it
Yeah, as cool as it would be
Watchin' people wonder who you are
Oh, we should just say we did, we can start with a kiss
And pretend we just got back from the barI talked you into slippin' down the hall, baby, turn it on
Your playlist you play when you're in the shower
Talked you into taking up my time, making up your mind
Switching back and forth for an hour
And now you're lookin' like a line from a Vandross song
I'm looking at that fine little dress you got on
Don't get me wrong, girl, I love it
Now I just wanna talk you out of itYeah, it's a little cold outside
Music's probably way too loud
To hear you laugh
And there's a look in your eyes
Looks like we ain't leavin' now
Girl, I'm so glad, I'm so glad
I talked you into slippin' down the hall, baby, turn it on
Your playlist you play when you're in the shower
Talked you into taking up my time, making up your mind
Switching back and forth for an hour
And now you're lookin' like a line from a Vandross song
I'm looking at that fine little dress you got on
Don't get me wrong, girl, I love it
Now I just wanna talk you out of it
