

Stop Don't Panic

Jamiroquai

My head's under pressure baby, life's the same
It's like a suicidal incubator cooking my brain
There must be some sonic infiltrator making the strain
See I'm a high-pressure operator, in case the same
Stop don't panic, it's just a thing I do
It's not so tragic, nothing to hold on to
Yeah yeah
This is enough to hang on to
I'm like a tiger in a cage so I'm afraid
How do I stop this crazy rage coming on me
I'm not so cool about my own route, doesn't has to be
I'm gonna hit my switch and fly through, can it be?
Stop, don't panic, it's just a thing I do
It's not so tragic, nothing to hang on to
Stop don't panic, it's just a thing I do
It's not so tragic, nothing to hang on to
Yeah yeah yeah yeah
Yeah yeah yeah yeah
