

You're the Voice

Heart

We have a chance to turn the pages over
We can write what we want to write
We gotta make ends meet before we get much older
Were all someones daughter
Were all someones son
How long can we look at each other
Down the barrel of a gun? You're the voice, try and understand it
Make a noise and make it clear
Were not gonna sit in silence
Were not gonna live with fear
It's time you know we all could stand together
We got the power to be powerful
And believe it, we all could make it better
Were all someones daughter
Were all someones son
How long can we look at each other
Down the barrel of a gun? You're the voice, try and understand it
Make a noise and make it clear
Were not gonna sit in silence
Were not gonna live with fear
Were all someones daughter
Were all someones son
How long can we look at each other
Down the barrel of a gun? You're the voice, try and understand it
Make a noise and make it clear
Were not gonna sit in silence
Were not gonna live with fear
No, no, no, hey, hey
Were not gonna sit in silence
No more, no more
Oh yeah, no no
