

Break 'em Up

Twista

Put ya guns down, it's time to squad now
Y'all then kick it up in the club don't try to run now
He's saying thugged out but back in 88 bust I heard ya plugged out
That's what ya name and became and moved down south Still the bitch you was in the city
Mo' money, mo' cash, mo' hoes, now ya sitting on 20
If it came down to it nigga fuck your mob
And if ya wanna get 'em all we can squad and squad I say now who want they ass kicked, ass kicked
Who wanna get touched with plastic, plastic
I see ya standing in the path trick, path trick
Now do ya wanna be around bitch, around bitch 'Cuz I don't give a fuck if the club on ya block or not
'Cuz if ya step on our toes then it's bound to get hot
It's bound to get heated all of us we got a SK and a chopper
Better utensils bound to break me off proper From the 51st ward nigga
We all ghetto so while ya practice looking hard nigga
You need to let go and umm remove ya bodyguard nigga
How y'all wanna do it, we can take it to the yard nigga we rob niggas Break 'em up
(Fuck that let them niggas fight)
Break 'em up
(Fuck that let them niggas fight) I can't breathe
(Somebody get 'em off me)
I can't breathe
(Anybody get 'em off me) Break 'em up
(Fuck that let them niggas fight)
Break 'em up
(Fuck that let them niggas fight) I can't breathe
(Please get 'em off me)
I can't breathe
(Mothafucka get 'em off me) Back the fuck up, who in the hell wanna get it on
I'ma bout to pull a kick door like that nigga James Jones
Let's move these bitches in lets get these niggas out
Is that your girl keep talking shit I'ma slap the gold outta her mouth 'Cuz I'm a real nigga for all my trio niggas
I'm squashing the issue cock back hit 'em in his grill nigga
Fuck how ya feel nigga, jumped in make ya drinks feel nigga
Tear the club up like the mafia till I make a mil nigga Shorty shake something
The way you look and make a nigga wanna rape something
Standing on the side of me
Oh no, but drunk at the bar looking like ya wanna take some And if somebody ask how much my bitch cost
With an ignorant ass I burst like that and bound to get tossed
Reload this disrespect for that nigga

That'll be your arm and your leg, your arm and your leg When he jumped up like a bomb in his head

Let's see and we make thugs like us

Make bloodshed turn clubs red

Get in the middle of one of my fights I'ma leave ya all dead Break 'em up

(Fuck that let them niggas fight)

Break 'em up

(Fuck that let them niggas fight) I can't breathe

(Somebody get 'em off me)

I can't breathe

(Anybody get 'em off me) Break 'em up

(Fuck that let them niggas fight)

All we do is squad and a 9 milli's

Chi Town to the dirty south, we gonna get ya crunk

When we fall up in the party, watch the deck go up Break 'em up

(Anybody get 'em off me) Break 'em up

(Fuck that let them niggas fight)

(Fuck that let them niggas fight) I can't breathe

(Please get 'em off me)
