No, Bobby Don't

Kelly Hogan

[Verse]
No, no, Bobby don't
Walk out on me while I'm talkin' to you
No, I know you won't
Steamroll all over my tears
No, no, Bobby don't
Put up your fists in a room full of strangers
No, I know you won't
Dig yourself into a hole

[Chorus]
But I never can tell you anything
You're always starin' at the TV
You never seem to hear a word that I say
Tonight it's the Blue Line all the way

[Verse]
No, no, Bobby don't
Let me reach out just to find that you've gone
No, I know you won't
Let me wake up all alone

[Chorus]
But I never can make you understand
You don't know how to make sense of me
You oughta learn the details some day
Tonight it's the Blue Line all the way

[Verse]
No, no, Bobby don't
Walk out on me while I'm talkin' to you
No, I know you won't
Steamroll all over my tears
I said no, no, Bobby don't
Put up your fists in a room full of strangers
No, I know you won't
Turn over any more trays

[Chorus]
But I never can take you anywhere

So I don't know why I do it any more
Time to bottle up and go home
I'm takin' the Blue Line all alone
No no no, no no no

No no no, no, Bobby don't
Show everyone what a fool I was
No, no, Bobby don't
Show everyone what a fool I was
No, no, no no, no no no
