Ha yo droppin that heat

Chorus X1:

Yo we from, Kill a Cali

The Killa Cali Catâ€™s Killa Cali (Westside)

Yo we from, Kill, a Cali

The Killa Cali Catâ€™s Killa Cali (West Coast West Coast)

They call me LBC king of da killa cali cats

The only thing we learned in school was survival and the rap

If you aint from around here respect when walking by

Honor aint in yo words but its deep in yo eyes

Quite asking what LEL means it drives me insane

If I told you the secret it would blow out your brain

Im an evil ass homey and South LA is my home

Ask them essays on the block, California mi corizon

Chorus X2

Taught by the OGâ€™s from the Killa County West

Its LEL from west, continuing our Quest

We always making papa, and hittin on them switches

Cruisin in our scrapas, to the Lands of riches

And when on the block, shhhh cuz streets talk

Like bubbles in yo drank, we jus gotta stay on top

Im from the land of Mr. 2Pac, they call me DJ Clone

Comming up high roller from a popper to a throne

Chorus X2

Its Hard to be the boss, more to it than u can c

I got the whole LA county counting on me

You see Theres Mack 10, 2Pac, Snoop n Dre

We got Xzibit, Ice T, and of course NWA  
U see whats stacked in my head, you really wanted this life  
I gotta speak my whole mind in a minute 45  
But im the king at this game, climbing faster than a jet  
You wont see me on 24â€™s cuz they don fit onside my vette

Extra Extra read all about it  
How Clone and LBC blew up like a comet  
How they went from ABCâ€™s to APBâ€™s  
How they went from 123â€™s to 415â€™s

Feelin suicidal, yo im worst then Mohammad  
You always shoot up the place, Im the type to just bomb it  
We legends on the streets, more than cardboard and double dutch  
What the hell, whereâ€™s my Glycerin, (Clone thatâ€™s enough)

Chorus

Bridge:

Itâ€™s the Killa Cali Cats, twisted like them cornrows  
In dem whips, dipping corners, make u jump like hydros  
From the land of the C, where anything goes  
From the Streets, this is the life that we chose

Chorus
