

Hey Girl

TT Grace

Feeling depressed, I'm wondering why
Nothing I can do, nothing else to try

I see things that I don't want to
All I can see is lonely moments without you
Every little thing went like I didn't want it to
But I'm proud to say I still want you

Cause hey girl, I can't stand this lonely world
Everything was fine when you were mine
Hey girl listen to my lonely words
I am feeling blue, thanks to you

I see things that I don't want to
All I can see is lonely moments without you
All those days and those years
My pillow is wet now filled with tears
Every little thing went like I didn't want it to
But I'm proud to say I still want you

Cause hey girl I can't stand this lonely world
Everything was fine when you were mine
Hey girl listen to my lonely words
I am feeling blue, thanks to you

Cause hey girl, I can't stand this lonely world
Everything was fine when you were mine
Hey girl listen to my lonely words
I am feeling blue, thanks to you
