He Gave Me Water

Rochester/Matthews Tradition

He Gave Me Water

Verse I:

Jesus was weary from His journey
He Sat down to rest there on Jacob's well
A women passed by His way
She didn't leave like she came
She ran through Samaria
And This they heard her say

Chorus:

He gave me water, water from the well
and I will never thirst again
He saved my soul from Hell
rivers of mercy flows from His throne of grace
I must go and tell about the water at the well

Verse II:

I was seeking down in a barren desert
Hopelessly lost so far from the well
But in the midst of my despair
The Savior came and found me there
He gave me living water
And I've just got to go and tell

You may be standing where you've never stood before
Your soul needs a refreshing that only comes from the Lord
There's an endless supply when you're thirsty and dry
Come to the fountain the river of life

Ending: I must go and tell about the water at the well
