The Glory Is Here

Rodney Howard-Browne

Oh, the glory is here
Yes, Godâ€™s glory is here
I can sense His mighty presence
In the very atmosphere
So whatever you may need
You just reach out and receive
And say itâ€™s mine
I take it now

Oh, the power is here
Yes, Godâ€™s power is here
I can sense His mighty presence
In the very atmosphere
So whatever you may need
You just reach out and receive
And say itâ€™s mine
I take it now
