

# The Glory Is Here

## Rodney Howard-Browne

Oh, the glory is here  
Yes, Godâ€™s glory is here  
I can sense His mighty presence  
    In the very atmosphere  
    So whatever you may need  
    You just reach out and receive  
        And say itâ€™s mine  
        I take it now

Oh, the power is here  
Yes, Godâ€™s power is here  
I can sense His mighty presence  
    In the very atmosphere  
    So whatever you may need  
    You just reach out and receive  
        And say itâ€™s mine  
        I take it now
