Here's To You

Dio

Here's to youHere's to you, here's to me
Masters of the universe the curse of destiny
All for one, it's one for all
Now you can pull the trigger as we're knocking down the wall
When you finally shoot too high the lie will always bring it downYou resurrection angels look what we found
That the wheel goes around so here's to youCome on, raise the dead heads will roll
Cancel the infection we can purify the soul
Do the crime then write the law
There's no wrong you can change it where a change you've never sawHey, you desperation angels
Here we found that they all fell down so
Here's to me, here's to youHere's to you, here's to me
Here's to reason, hey
Here's to me, here's to you
Raise the dead, here's to freedom
