

Leave Me Alone

Killing Heidi

Not what you take but what you leave

I never thought you could see

Its more than fantasy

You are only bad dreams Your dead mind (x4) How could this be so real?

I thought it would bleed and heal

Never let go of me

Theres no way to be free Your dead mind (x4) she said she wanted to be left alone (x5) How much is enough?

Would you just turn to dust

I wanted you to believe

This is how it could be Your dead mind (x4)
