It's Our Burden To Bleed

Caliban

We know a world,
For your bloods ride,
Seeking where you deterred,
Bless the sugar knife,
This is the soul requiem,
Tonight, we are out,
Finding our way to cryWe've come too far now (We've come too realise)
It's our burden to bleed
We've come too far now (We have to realise)
It's our burden to bleedWe, (we!)
Kill you all,
Kill you all,
We, (we!)
Kill you all,
Kill youWe've come too far,
We come to tears,
Today, is it?
It's our burden to bleed,
One life, one shattered life
The weights of pain,
One dead hand has locked me inWe've come too far now (We've had to realise)
It's our burden to bleed
We've come too far now (We have to realise)
It's our burden to bleedWe (we!)
Kill you all
Kill you all
We (we!)
Kill you all
Die!We've left behind
What's left behind,
What's left behind,
What's lost behind!
