Feelin' Me

D'tray

They're killin' me slow
All the lies they're feedin'
The system's breakin' me downIt seems like everyday
Another life lies bleedin'
While you're just standing aroundOh what would you do
When it all falls down on you
And you can't walk awayI'm gonna stand up and fight
Gonna knockout the sky
Cause I don't give a shit
You motherfuckers feelin' me?Are you motherfuckers feelin' me?They know the games you playin'
Every word you're sayin'
They always know where you areThey gotcha locked down
Watchin' every goddamn move you're makin'
They got you right by the ballsYou're all lined up
Spoon fed
Wound up
Walking dead
You're just a leaf on a treeI'm gonna stand up and fight
Gonna knockout the sky
Cause I don't give a shit
You motherfuckers feelin' me?Are you motherfuckers feelin' me?
Come on!
Are you motherfuckers feelin' me?
You fucking feelin' me?You have been forsaken
I have been forsaken
We have been forsakenAre you motherfuckers feelin' me?
Are you motherfuckers feelin' me?
Come on!
Are you motherfuckers feelin' me?
You fucking feelin' me?You have been forsaken
I have been forsaken
We have been forsaken
