

# Never Too Late

## Bridges Ablaze

Iâ€™m petrified within my mind  
Itâ€™s always black and thereâ€™s no light  
Iâ€™m living close to the edge and I think I need saving

Lift me up from the throes of my affliction  
Far away from this nightmare that surrounds me, that surrounds me

I will always arise from the flames  
When the sky is falling, itâ€™s still not too late (itâ€™s never too late)  
Iâ€™m never going back, we canâ€™t forget the past  
Iâ€™m never going back, yeah, Iâ€™m done with that  
I will always arise from the flames (Itâ€™s never too late)  
Itâ€™s never too late, itâ€™s never too late

Escape this place, Iâ€™m growing cold  
This agony stays on replay  
I need to see the lie within my sight, I donâ€™t need saving

Lift me up from the throes of my affliction  
Far away from this nightmare that surrounds me, that surrounds me

I will always arise from the flames  
When the sky is falling, itâ€™s still not too late (Itâ€™s never too late)  
Iâ€™m never going back, we canâ€™t forget the past  
Iâ€™m never going back, yeah, Iâ€™m done with that  
I will always arise from the flames (itâ€™s never too late)

(Itâ€™s never too late)

Iâ€™m falling Iâ€™m falling, thereâ€™s no turning back  
Into the abyss, now my heartâ€™s turning black  
Iâ€™m falling Iâ€™m falling, thereâ€™s no turning back now

I will always arise from the flames (from the flames)  
When the sky is falling, itâ€™s still not too late (itâ€™s never too late)  
Iâ€™m never going back, we canâ€™t forget the past (canâ€™t forget)  
Iâ€™m never going back Yeah, Iâ€™m done with that  
I will always arise from the flames (from the flames) (itâ€™s never too late)
