

# Getting Into the Jam

## Electric Six

Looking in the mirror  
And I know I'm a man  
And I know she's a girl  
And she's looking for a man  
We got sex plansCome on  
I'm getting into the jam  
I'm getting into the jam  
I can feel the jam  
Yeah, I can feel the jamDriving in my car  
We're going to the bar  
I met her at the bar  
I'm gonna take her to my car  
We're gonna make it in my carCome on  
I'm getting into the jam  
I'm getting into the jam  
I can feel the jam  
Yeah, I can feel the jamI'm getting into the jam  
I'm getting into the jam  
I can feel the jam  
Yeah, I can feel the jamI'm a man  
I'm getting into the jam  
Yeah, I'm a man  
I'm getting into the jam  
Into the jamNow hear me outCome on  
I'm getting into the jam  
I'm getting into the jam  
I can feel the jam  
Yeah, I can feel the jamI'm getting into the jam  
I'm getting into the jam  
I can feel the jam  
Yeah, I can feel the jam
