

# Easier Said Than Done

## Majical Cloudz

When you're in love it doesn't hurt  
When you're alone it gets much worse  
You say it's stupid to be upset  
You smoke another cigarette  
Why would you want to hide?  
We will see you through  
And what about your life?  
When everyone else goes to bed  
I see you walking in my head  
The way you move seems so assured  
I look again and I'm not sure  
Why would you want to lie  
I've been an easy friend  
And what about your life?  
Why would you want to die?  
It's easier said than done  
And what about my love?  
What about my love?
